FALL FAIR AND RACES

Fine Weather—Large Attendance—Hall Filled With Exhibits and Poultry Well to Fore—Good Racing—Full List of Winners.

Tuesday was a perfect sample of Okanagan fall weather at its best—not a cloud to mar the perfect sapphire of the sky and the temperature that of late spring, balmy yet with an occasional crispness in it significant of the passing of the year into the serene and yellow leaf. For enjoyment of the fair and races by the spectators no better conditions could have been desired, and, although light clouds did their best to obscure the sun on Wednesday, they only partially accomplished their purpose, rendering the air cooler than on the previous day. The kindness of the Clerk of the Weather was appreciated by the general public, and the fair was visited by a large number of interested spectators each day. The races did not seem to be as well patronized as usual, judging from the appearance of the grand stand, although the space on either side of the stand was largely occupied.

THE FAIR.

Year by year, the fair shows a gradual tendency to resolve itself purely into an exhibition of fruit, flowers, vegetables, poultry and fancy work, in keeping with the form of agriculture pursued in this district. The directors of the A. & T. Association might as well eliminate the cattle classes from their prize list, as, with the large farms being gradually broken up and turned into orchard, the stock entries will diminish from year to year. This year, out of thirty classes in the Cattle Division, entries were made in four only. In the Horse Division, the showing was much larger, fifteen classes being entered out of 32. Poultry, on the other hand, showed a decided increase, the exhibits totalling 107 pens. Many fine birds were on show, and the value of breeding has evidently come to be realized by local fanciers. Pigeons seem to be coming into favour in the valley, no less than 17 exhibits being made.

The hall itself was filled to its capacity with exhibits. Last year, the display of vegetables was very limited, but this year the showing was an excellent one, thoroughly representative of the great diversity of field and garden products which can be grown in this district. After an interval of a year or two, the Casorso exhibit of vegetables and other farm produce once more occupied its place of honour at the north end of the hall and made a goodly show, running the whole gamut of the vegetable kingdom from the humble onion to the lordly celery.

The potato classes were well filled and the "spuds" on view were excellent specimens of their kind, sound and clean and of large size, while free from the imputation of being monstrosities. Some very large field squash and pumpkins were shown, one of which was said to weigh 250 lbs., but we cannot vouch for the weight. The other vegetables exhibited seemed to be of very good quality, and few of the classes were unrepresented.

Grateful to the eye was the centre table entirely devoted to flowers and house and conservatory plants. Considering the lateness of the season, the display was really an excellent one. The flowers most in evidence were phlox, carnations, verbenas, sweet peas, asters and dahlias, but there were also roses, pansies, stocks, nasturtiums and some beautiful ferns. Having regard to the charming effect of a large mass of flowers in the centre of the hall, it would be money well spent in future years for the directors of the Association to make the floral classes more attractive to exhibitors by increasing the prizes for collections of various species. The amounts given at present are too small to encourage active competition.

A large increase of competitive interest was apparent in the dairy produce, bread and cake classes. A notable improvement in keeping the butter exhibits clean was secured by the provision of a glass case, in which they were placed. There were 14 exhibits inside the case and 11 in jars outside of it. The array of bread, buns and cakes was much larger than in former years, and the judges must have had a difficult task in deciding the winners.

With the exception of children's work, in which department the entries were very scanty in number, the fancy work classes were very well represented, and the beautiful articles shown were of engrossing interest to the lady spectators. The fine arts had the usual sparse representation. Miss D. E. Reid won the special prize for best oil painting with a pleasing little canvas depicting a maiden seated in pensive wise in an ancient burgh. Miss Sinclair showed an interesting collection of landscapes and portraits in water colours and oils. Mr. H. T. Boyd exhibited three very attractive oil panels on wood, which deserved better recognition at the hands of the judges. The prize-winning group of 10 Kodak pictures, by Miss Riddell, was a very creditable piece of amateur work, much artistic taste being shown in the selection of the subjects.

The display of fruit was larger than last year and left nothing to be desired except some more colour, and for this our unusually cool summer is accountable. Peaches were not in evidence, as was to be expected, but plums and prunes were forward in good number and variety. Crab apples were also a good exhibit, but the chief attractions were naturally the apple and pear classes. The showing of pears was particularly fine, and our reporter had great difficulty in controlling his desires and avoid fracturing the Commandments at sight of some beautiful, waxy-like Bartets. The novelty classes, such as five heaviest apples, caused keen competition, and the number of exhibits so near in merit made a most interesting display. The plate classes filled included 50 in apples and 20 in pears. The only departments of the fruit division in which the number of exhibits was disappointing were the commercial exhibits of boxes and government packing competitions—one open to the public and the other open to pupils of government packing schools only—in all three of which there were only 21 boxes of apples entered and no pears. It is strange that the handsome prizes offered by the provincial government failed to elicit any marked interest among fruit packers.

The only commercial exhibit within the hall was a booth occupied by the Mason & Risch Piano Co., in which three pianos and a cabinet talking machine were shown, and Mr. Williams, general agent for the Company, displayed the powers of a player-piano and the talking machine, to the entertainment of many visitors to the booth. Summing up, the Fair has been a decided success in regard to number and quality of exhibits, and we are glad to learn that it has also proved a financial success and will show a handsome surplus. This happy result has been achieved by hard work on the part of the directors, the secretary, Mr. A. W. Hamilton, and Mr. B. McDonald, the last of whom has shouldered much of the heavy drudgery of details connected with an agricultural exhibition.

THE RACES.

First Day.

Of the two days' racing, Tuesday provided the better sport, contrary to the established precedent of former years, when the second day was always the better. Perfect weather conditions added zest to enjoyment of the programme provided, and the Kelowna City Band, although attenuated in numbers and without a professional leader, gave a good account of themselves and played a number of selections in creditable style.

A "merry-go-round" was included amongst the sideshows, which were more numerous than ever before, and this new feature at the fall races was liberally patronised by boys and girls, both great and small. "The Most Wonderful Girl on Earth" and similar shows did not make their fortunes, but the strength-testing devices, Aunt Sally and the like did a good business.

The races this year were handled by the Kelowna Racing and Athletic Association, a new organization entirely distinct from the A. and T. Association. The officials who carried out the programme were— Starter, harness races, J. B. Stetson, Vancouver; running races, E. Jenkins, Memphis; Tonn; Judges, M. O'Brien, Vernon; J. Bowes, Kelowna; G. F. Guernsey, Penticton; President, F. S. Conates; Secretary, P. Brooke.

Free for All Harness Race, 1 mile, trot or pace; heats, 3 out of 5; purse \$150. Starters—R. A. Copeland's Bessie R., Eli Johnston, driver; Ireland Bros., H. M. C., J. B. Ireland, driver; M. F. Foster's Red Ball, A. Vance, driver.

The School Shoe

Question!

SCHOOL SHOES

Question: Are these shoes made especially to let the children run and romp in all they like?

Answer: They are. The Williams Shoe Co. and The Getty Scott Shoe Co. have such shoes.

Their shoes are friends of both children and parents. They are neat looking; easy feeling; wet- and damp-proof, and are as strong as leather can be. Parents will find them the most economical School Shoes to put on their children.

ver, 1st heat—1, Bessie R.; 2, H. M. C.; 3, Red Ball. Bessie R. led all the way. Red Ball finished well up to H. M. C. Time, 2:25. 2nd heat—1, Red Ball; 2, Bessie R.; 3, H. M. C. This heat was about the prettiest trot ever seen on the Kelowna track. The horses were in a bunch all the way through and kept seesawing for positions. Red Ball, who was generally third until the three-quarter distance, pulled up and won on the wire by about a head. Time, 2:24. 3rd heat—1, Bessie R.; 2, Red Ball; 3, H. M. C. Another good heat. Bessie R. won by half a length. Time, 2:27. Fourth heat—1, Bessie R.; 2, Red Ball; 3, H. M. C. Another close finish. Bessie R. winning by a head. H. M. C. a good third. Time, 2:25. Money awarded as in order of last heat.

Green Trot, 1 mile, for Okanagan owned horses, heats, 2 out of 3; purse \$100. Starters—R. A. Copeland's Long Bolt, R. A. Copeland, driver; W. G. Ann's Charlie Fuell, Eli Johnston, driver; F. A. T's Mollie, R. D. Burch, driver. 1st heat—1, Charlie Fuell; 2, Mollie; 3, Long Bolt. Long Bolt was holding his own with Charlie Fuell and looked likely, but broke badly about half-way round and came in a poor third. Time, 2:48. 2nd heat—1, Charlie Fuell; 2, Long Bolt; 3, Mollie. Pretty ragged trotting. Mollie gave up after completing one lap. Charlie Fuell won very easily. Time, 3:06. Long Bolt was awarded second money.

Running race, 5-8th mile, open; purse \$100. Starters—J. Chillihe's Melar, T. Williams up; A. Charlie's Askalanta, A. Ortlund up; Casorso Bros., Senator Warner, P. Sawtell up; W. J. Alford's Nellie Racini, 1, Melar; 2, Askalanta; 3, Senator Warner. Melar won by a neck in a close finish. Senator Warner a good third. Fourth horse a length behind. Time, 1:05.

Running race half-mile, open, heats, 2 out of 3; purse \$100. Starters—Casorso Bros., Aurbendale, P. Sawtell up; G. Fuller's Don E., W. Haynes up; R. McDonald's Annie Kerina, owner up. 1st heat—1, Don E.; 2, Aurbendale; 3, Annie Kerina. A regular procession. The favourite took the lead from the start and kept widening the gap, winning by many lengths. Time, 51 1/2. 2nd heat—1, Annie Kerina; 2, Don E.; 3, Aurbendale. Annie Kerina won by three lengths, the tiny boy jockey riding like a demon. His achievement availed him nothing, however, as the other riders demanded that he weigh in, which being done, he was found to be about 30 lbs. shy of the correct weight, presumably having removed some of his saddle weights after the first heat, and he was accordingly disqualified, the race being given to Don E., with Aurbendale second.

Boy's pony race, local horses, for boys 16 and under and ponies 14.2 and under, owners up; half-mile; purse \$25. Starters—H. Dillon's Riley, C. Myler's Stella, Rayner and Ren-

FALL FAIR AND RACES

shaw's Lady, R. Renshaw up; A. Wed-
dell's Dick, 1, Riley; 2, Lady; 3, Ste-
la; 4, Dick. First three well bunched
at finish, Riley winning by half a
length, Dick distanced. Time, 50%.

An amusing interlude was provided
by a dog race for special prizes given
by Mr. F. R. E. DeHart. The con-
testants were Clayton Fraser's "Pete,"
a collie of a sort; and Lorne Le-
mon's "Paddy," a promising animal of
the greyhound—or some other—order.
The course was somewhere a-
bout 100 yards, and the dogs were
hitched to light two-wheeled carts
driven by their boy owners. On the
first attempt, "Sam's" harness broke
before he got properly under way,
while "Pete" covered the course in
great style. "No race" was the ver-
dict, so it was run over again, "Sam"
proved a false alarm, ambling along
like an old cow and failing to use
his length of leg to advantage, while
"Pete" ran like a race horse, gallop-
ing for all he was worth, and beat
his opponent by many yards. 1, C.
Fraser, \$3; 2, L. Lemon, \$2.

Polo pony race quarter-mile; purse
\$50. Starters—C. K. L. Pyman's Pad-
dy, W. G. Benson up; H. C. S. Col-
lett's Polly, G. K. Smith up; R. Lam-
by's Colonel, owner up; F. Heather's
Towser, owner up. 1, Colonel; 2,
Towser; 3, Paddy. 4, Polly. First
three horses finished in a bunch. Time
24%.

Second Day.

Although the sky was partially over-
cast on Wednesday, conditions were
pleasant till late in the afternoon,
when the air became rather chilly.
The attendance was little larger than
on Tuesday, contrary to the usual
rule.

The afternoon's sport was marred
by an unfortunate accident, in the
first event on the programme, the
first heat of the Free for All. Texas
Rooker, one of the competing horses,
twisted one of his legs from a false
step or some similar cause while go-
ing at full speed and broke it at the
fetlock. The injury being considered
irreparable, he was shot. Although
getting on in years, Texas Rooker
was still considered a valuable horse.
He possessed a fast mark somewhere
round 2.05, and originally cost his
owner \$2,000. The accident seemed
to have a depressing effect on the
racing men, and to put their tempers
on edge. There was more wrangling
and arguing than usual and much
time was taken up by the judges in
settling disputes as to weights, heights
of horses, etc.

Free for All, trot or pace, 1 m.le;
heats, 3 out of 5; purse \$250. (Start-
ers—Robston & Wilkinson's Texas Roo-
ker, J. T. Cable's Explosion, J. R.
Buller's Topsy M. Texas Rooker
broke his leg in the first heat. Topsy
M. won all three heats run. Times,
2.25, 2.25, 2.29.

Harness race, 2.40 class, trot or
pace, one mile; heats, 2 out of 3;
purse, \$150. Starters—W. Glenn's
Charlie Fuell, Eli Johnston, driver; J.
B. Stetson's Cora Brown, J. B. (Stet-
son, driver; R. A. Copeland's R. A. C.
J. R. Buller, driver. 1st heat—1,
Cora Brown; 2, R. A. C.; Charlie Fuell
broke his harness and did not
finish. Time, 2.35. 2nd heat—1, Cora
Brown; 2, Charlie Fuell. Won by 2
and a half lengths. R. A. C. badly
out of it. Time, 2.37. Second money
was awarded to Charlie Fuell.

Running dash, 1 mile, open; purse
\$100. Starters—J. Chilliichie's Firm-
foot, T. Williams up; A. Charlie's As-
kalanta, A. Orland up; J. McDon-
ald's Elodia B., owner up; W. J. Al-
ford's Josie S. Casorso Bros. Senator
Warner, although entered, did not
appear, and the judges, not being sat-
isfied with the excuse offered by his
owners, threatened to fine them \$25,
under racing rules. Apparently, how-
ever, the fine was not inflicted. 1,
Elodia B.; 2, Firmfoot; 3, Josie S.;
4, Askalanta. Time, 1.39. The horses
changed places several times. Elodia
B. pulled up from last and took the
lead at the three-quarter distance,
winning by two lengths.

After the mile dash, the French
Coach Horse, D'Artagnan, was put up
for sale on the track, Mr. Manly Byrns
officiating as auctioneer. No reserve
was put on the stallion, and he went
at \$750, Dr. Boyce being the pur-
chaser.

Running race, for ponies 14.2 and
under; half-mile; purse \$75. Start-
ers—C. Gayle's Mazdah, C. Whymark
up; V. McDougall's Maud S., W. Hay-
nes up. Raymer and Renshaw's Lady
scratched. 1, Mazdah; 2, Maud S. (An
easy victory for Mazdah by several
lengths.

Polo pony Cup race, for local ponies,
half-mile; for Cup. Starters—R. H.
Parkinson's Buck, owner up; C. K. L.
Pyman's Pinkie, W. G. Benson up;
R. Lambly's The Colonel, owner up;
F. Heather's Towser, owner up. 1,
Colonel; 2, Pinkie; 3, Towser; 4,
Buck. A fine race between the two
leaders. The Colonel winning by a
bare length. Buck was distanced.

Consolation race, half mile; purse
\$50. Three starters. 1, Nellie Rac-
ini; 2, Annie Kerma; 3, Josie S. Won
by several lengths. Time, 54.

Special race, three-quarter mile
dash; purse \$100. Four starters. 1,
Senator Warner; 2, Melar. Won by
one and a half lengths. Elodia B. and
Josie S. also ran.

Weekly Practice

The riflemen are certainly obtaining lots of experience this season in varying winds and changes of light. The fickle breezes seem to select Thursday afternoons as their favourite playtime, and last Thursday was no exception to the rule. The variable, corkerscrew wind which blew all afternoon finally turned into a regular "Bear Creeper," and the unfortunate marksmen who encountered it at 600 yards found it hard to stay on the target. Mr. T. Allan, who shot throughout all the trying conditions with remarkable steadiness, was high man with an aggregate

NEWS OF THE DOMINION

This year, to date, 116,000 British have emigrated to Canada.

The Grand Trunk Pacific has ordered 25 large locomotives from the Canadian Locomotive Works, at Kingston, Ont.

The customs receipts of Montreal week showed a decided falling-off of over \$10,000, owing to the strikes in Great Britain.

C. P. R. has announced a wage increase of 9 per cent, to all mechanics employed by the company in West provinces. One hundred and thousand men are affected.

Total assessment of Toronto, given by the assessment is \$348,760, an increase of \$87,098,502 last year. The increase in population is 32,681, making the total 72.

Concerning the completion of the Trunk Pacific and the Grand from ocean to ocean, President of the Company says the line is completed by 1914. This is a year later than the estimate made in 1910.

Completion of Canada's fifth begun in June, will show a population considerably under 900, according to unofficial estimates. The official figures will be public in a few days, as soon returns are in from the north-western districts.

It is probable that Mr. Wm. For-ottawa, will be appointed M. n-Trustee in succession to P. D. who resigned last year. The Premier McBride and Sir Clouston, have decided to appoint third member at once, and am, who is also Stanley Cup is regarded as the "most choice."

Ice is forming in the tributaries of the Yukon and Tanana rivers. The big streams will be closed navigation about the end of October, except the Upper Yukon. White Horse and Dawson, will be open probably until the end of October. The boat from Dawson for Fairbanks left on the 25th. The last boat from Dawson for Whitehorse will leave on October 10. The usual fall from the Lower Yukon is now beginning. The present season has been prosperous for the steamboats. More freight than usual was carried to the Yukon via St. Michael. Quantities of freight are being carried to Dawson over the White Horse way to carry the Yukon through the long winter.

James Pooley, a well-known Niagara, was killed in a runaway today.

NEWS OF THE PROVINCE

The Duke of Sutherland and Lord Charles Beresford were among a party which visited Vancouver last Thursday. Lord Charles was greatly impressed by the vigor and energy shown by the Coast cities.

The British Admiralty recently gave an order to the Moresby Island Lumber Co., of Queen Charlotte Islands, for 200,000 feet of superior white spruce for manufacturing oars for the rowboats of warships.

A tourist discovered the body of Richard Reilly, the missing cashier of the Nelson Dominion Express Co., last Friday, while strolling along the West Arm of Kootenay Lake. Reilly had been missing for three weeks, and as there was a considerable sum of money missing from the express company's office, the officials believed he had absconded. The mystery of his death is as yet unsolved.

Dr. Chas. D. Percival, a well-known New York physician, arrived in Vancouver last Friday on a lengthy tour through the American states, Mexico and Canada, in an Abbot-Detroit Bull-Dog automobile. The car has travelled 33,000 miles, with a heavy load, and is running as good as the day it was built. Dr. Percival and his companion have left for Skagway, where they will endeavour to make a dash over the White Pass into Dawson City.

The directors of the Hedley Gold Mining Co. have declared the usual quarterly dividend of 3 per cent, for the quarter ending Sept. 30, on the outstanding capital stock of the company, payable Sept. 30, and an additional dividend of 2 per cent, British Columbia's best mining advertisement is the quarterly dividend of 5 per cent, which Camp Hedley has to its credit. To keep this up, quarter after quarter, is to present an argument for the resources of this province which needs no further explanation, for it is its own interpreter.

Louis Colquhoun, a bandit who figured in the public eye in 1905 in holding up a westbound express on the C. P. R. near Ducks, B. C., and in the theft of the registered mail bags, died on Friday in the New Westminster penitentiary hospital. Colquhoun was a pal of Bill Muer and Shorty Dunn in this hold-up. The trio were captured later by the Royal Northwest Mounted Police after a hard fight in the foothills near Kamloops. Muer and Dunn were sentenced to life imprisonment and Colquhoun was given 25 years.

One hundred thousand dollars was the price finally paid the Indians for relinquishment of the Fort George reservation to the G. T. P. railway. The deed of surrender being eventually signed by Rev. Fr. Coccola for the Indians and F. R. G. Durnford for the department of Indian Affairs. The division of the money will give \$2,000 to each head of a family; \$500 to each wife; \$1,500 to each widow; and \$500 to each individual child. Further than this, a new reserve is provided satisfactory to the Indians, and they will have new homes and a church built for them.

Mr. R. Trender, assistant provincial timber inspector, who recently returned from a trip through the Cariboo, Fort Fraser and Hazelton districts, making in all a journey of nearly 2,000 miles, has prepared a report of his trip to be submitted to the provincial government, and in it gives some very interesting information regarding different sections of the country through which he passed. The report describes the land in each section of the province through which the writer passed, and states that some of the richest land in the province is to be found in the north. Mr. Trender states that on the average it is well watered and is a very rich loam.

Steps are being taken by the provincial board of horticulture to establish one or more fruit experimental stations in the Columbia-Kootenay valley, one of which at least will be allotted to the Windermere district, and R. M. Winslow, provincial horticulturist, has invited offers of small tracts to be used for the purpose. This great valley, into which the C. P. R. is building from both ends, contains the upper courses of both the Columbia and Kootenay rivers, and has contained settlement for many years, and it has long been the opinion that it should be possible to grow the harder fruits there. The present demonstrated fruit area of eastern British Columbia does not extend beyond the West Kootenay—the lake region—where, however, 150 varieties of apples alone are said to be grown. The various districts of the west Kootenay are already in possession of provincial demonstration orchards—one being near Nelson—which are operated as model orchards. It is estimated that the west Kootenay has 1,000,000 acres of fruit land, not requiring irrigation, while the higher, drier, and colder east Kootenay, including the great valley just named, has at least an equal area of land that is demonstrated to be superior for general farming.

CITY COUNCIL

Ald. Cox's Valedictory

After a considerable interval since the prior meeting, the Council met on Monday morning with the Mayor and Aldermen Leckie, Dalgleish and Copeland present.

The following letter was referred to the Board of Works for attention:

"Kelowna, Sept. 14, 1911.
"To the City Council, Kelowna.

"Gentlemen—
"I beg to call your attention to two dangers existing on the Abbott St. bridge—

"1. The iron bar in the middle of the bridge (acting as a kind of tie) interferes with free passage on the footway; and as it is not easily seen in dim light, it might cause a serious blow to the head of any person hanging across the bridge.

"2. There is no adequate fence bar at the north end of the footway, just above deep water, so that any child, or even adult, might easily fall in by accident. The lower wire fastening not being strong enough is perhaps worse than no bar, and in fact broke away some time ago.

"I am,

Yours respectfully,

"DORA F. KERR."

Owing to there being no quorum at the meeting called for last week, Ald. Cox was unable to say farewell in person to his colleagues, and he therefore sent the following valedictory letter:

"Kelowna, Sept. 20, 1911
"To the Mayor and Aldermen,
of the City of Kelowna.

"Gentlemen—
"It is with regret that I take leave of absence from the duties of Councilman.

"I have enjoyed the fellowship of the members of the Council for the three years I have been in office. I also thank the public for their confidence in me, although I feel very much my ineptness and that there were other men that would have filled the office much better. I have tried to act conscientiously and without prejudice. I am leaving Kelowna with regret, but wish the City every success. I would also thank the City Clerk for his unselfish and accommodating personality and valued help and advice to me.

"Trusting that Kelowna may enjoy continued prosperity, I remain,

Yours truly,

"A. S. COX."

On motion of Ald. Leckie and Copeland, it was resolved that Ald. Cox be granted leave of absence for the remainder of the year, and that the members of this Council desire to express regret at his departure and also their appreciation of his services while a member with us.

The following accounts were referred to the Finance Committee and ordered to be paid, if found correct:

A written application for electric light at Bankhead Ranch was received from Mr. L. E. Taylor, manager, Bankhead Orchard Co., Ltd. He offered to supply the necessary poles and wire, from the municipal boundary, if the City would undertake to sell the power needed.

The Mayor stated he had told Mr. Taylor that if there was any difficulty about the matter it could probably be got over by the City placing a meter on a pole at the edge of the city limits, and by their own connections with the meter. The City had no power to the poles on the roads outside the municipal boundary. He also stated that the City in Glenmore were desirous of obtaining electric light.

On motion of Ald. Copeland and Dalgleish, it was resolved that the City agree to deliver power for light, at a point within the city limits for the use of Bankhead Ranch.

Mr. W. J. Clement was in attendance in regard to the plan of subdivision to which the Council had taken exception in view of the side extension of St. Paul St. no.

The Mayor stated there was no likelihood of St. Paul St. ever being extended, and the Council therefore withdrew their objection.

Another plan submitted providing satisfactory, a motion was passed proving of the plans of subdivision of Block 40 and 41, Map 262, changes noted, and of Block 63, 202, as presented.

A short discussion took place, the advisability of appointing a watchman, during which the Mayor said Constable MacRae was kept busy to collect licences and doges. Should a night man be appointed it would be necessary to get a clock.

The aldermen favoured the appointment, and, on motion, it was decided to put on a night constable.

Ald. Jones was appointed to the vacancy on the Health and Licensing Committee caused by the departure of Ald. Cox.

Ald. Leckie reported that the Health Officer, Dr. Boyce, consulted the Provincial Health Officer, Dr. Fagan, as to septic tanks, and the latter had recommended style of tank with a valve at the bottom, although he did not condemn the vaiveless kind.

Boyce wanted to have instructions from the Council in the matter.

The subject was discussed at length, and it was finally agreed to inform Dr. Boyce that he has authority to insist on the style septic tank approved by Dr. Fagan.

Ald. Copeland drew attention to the fact that the Council had not yet passed a resolution regarding the City's expense. The Mayor stated that the City's expense was the health of the man, and if he would not return to the Sanatorium, his children should be permitted to attend school, danger of other pupils.

It was decided to instruct the Mayor to notify Krummer, he must return to the Sanatorium, and if he would not return to the Sanatorium, his children should be permitted to attend school, danger of other pupils.

The Mayor pointed out that the duties of that office, had city. A number of shacks were being up, which required examination, which required examination, which required examination.

In some cases the plans might be made in the streets those built might find their lots and would "kick." He recommended the appointment of a man on Council who would be able to examine plans and report.

The Mayor understood that the of the Chinamen in the present quarter were proposing to Lum Leck's sub-division, should be seen that they buildings in conformity with law.

It was agreed to advertise building inspector.

Ald. Leckie stated the engineer at the Power House had him that the City was losing by having him read meters work could be done equally some one who was being paid money than he, especially as was valuable in connection with installation of the new meter.

It was left with Ald. Leckie to Mr. Colquhoun relief reading of meters while they is being placed.

By-law No. 97, extending for one-sixth rebate on prompt payment, to Oct. 2nd, considered and finally passed.

Council adjourned until, Oct. 3rd.

The total reward for the of the robbers who plied the Bank of Montreal's New branch has been increased to \$100.

Thos. Fenton, an athlete, resident of New Westminster, well known amateur lacrosse player, drowned last Friday in the River, while working on a

THE HOWARD

Watch has a fixed price and a permanent value. You cannot be overcharged and your neighbor cannot get it for less.

If you want to know how the HOWARD holds its value try to buy one second hand.

HOWARD watchmakers make and adjust every HOWARD as a fine watch, whatever the price—\$40 to \$150.

Every HOWARD is cased at the factory and timed in its own case. Printed ticket fixes the price.

Let us show you this distinctive watch.

The Bench Lawn Tennis Club

(Contributed)

The dwellers on the K. L. O. Bench have recently organized a Tennis Club, under the title "The Bench Lawn Tennis Club," and, for the balance of the season, have prepared two earth courts. It is expected that two more will be added next spring, and fresh interest added to the game of tennis in the district, as there are a number of good players on the Bench, who are looking forward next season to matches with the other clubs in the district.

Last Thursday afternoon, the Club played a team brought over from Rutland by Mr. Russell, and although they found the Rutlanders too strong for them, there were some very closely contested games. The final results were:—

Russell and Harrison, Rutland, beat Spencer and Tollit 6-4, 3-6, 6-3; beat Taylor and Lillingston, 4-6, 7-5, 6-3; lost to Hill and Case, 6-4, 6-2.

Metcalfe and Bond, Rutland, beat Taylor and Lillingston, 6-0, 6-4; beat Spencer and Tollit, 6-3, 6-3; beat Hill and Case, 6-2, 6-3.

Lee and Francis, Rutland, beat Hill and Case, 7-5, 4-6, 8-6; beat Spencer and Tollit, 6-2, 6-2; beat Taylor and Lillingston, 10-8, 6-3.

Total: Rutland, 8 matches (12 games); Bench Tennis Club, 1 match (81 games).

One of the most interesting and instructive displays at the Provincial Fair to be held in New Westminster from October 3 to 7, is the exhibition shown by the Dominion Fisheries Department. The display is housed in a specially erected building and will feature a miniature fish hatchery in operation. The salmon industry on the Fraser River is known the world over and it is to give visitors an idea of the great work of propagation that is being carried on by the department that the display is being made.
